

EXTENSIONS OF REMARKS

IN RECOGNITION AND HONOR OF
THE LIFE OF DR. BERNARDINE
LACEY

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 13, 2021

Ms. JOHNSON of Texas. Madam Speaker, it is with a heavy heart that I rise today to recognize the life and legacy of my dear friend, Dr. Bernardine Lacey, who passed away on March 26, 2021. It is with deep sorrow that I mourn her loss, and deep affection that I honor her beautiful legacy.

Dr. Lacey was born on July 28, 1932, in Vicksburg, Mississippi. Despite her humble beginnings, she successfully went on to build a formidable and impactful career in the nursing profession. Dr. Lacey's expansive education began when she received her nursing degree from the Gilfoy School of Nursing at the Mississippi Baptist Hospital in Jackson. This would be one of the first of many pioneering efforts Dr. Lacey would trailblaze to break barriers as one of the first Black students admitted into Georgetown University's Nursing program, where she completed her Bachelor of Science in Nursing (B.S.N.) in 1969. Thereafter, Dr. Lacey earned her Master of Arts from Howard University in 1985. Her tenacity did not allow her to stop there. She would go on to earn her terminal degree in her 50's with her Doctor of Education from the prestigious Columbia University's Teacher's College in 1991.

Throughout her career path, Dr. Lacey served Howard University Hospital for more than 30 years. While there is a robust list of accomplishments that are too many to exhaust here, to name a few, Dr. Lacey became the Founding Dean and Professor at Western Michigan University's School of Nursing, where she remained until 1999. Thereafter, she went on to act as Special Assistant to the President of Western Michigan University. Other notable titles held include: Professor and Chair in the Department of Nursing at Prince George's Community College; Executive Director of Children's National Medical Center, School Health Program; and Chairperson in the Department of Nursing at Bowie State University. In 2018, coming out of retirement, Dr. Lacey was led back to Howard University, where she served as Vice-Chair for the College of Nursing and Allied Health Sciences. In this role, she acted as a trusted advisor to the Dean, worked to expand clinical affiliations, and established best practices for accreditation visits and scholarship and grant opportunities.

Throughout her 88-years of living life to the fullest, Dr. Lacey received numerous accolades—which are tangible testaments to her undeniable impact on the intersection of nursing and our nursing education communities. Dr. Lacey became a Fellow of the American Academy of Nursing; was honored as a Distinguished Alumna at Georgetown University; a

recipient of the Legacy of Leadership Award from Howard University; and in 2014, Dr. Lacey was inducted as a "Living Legend" by the American Academy of Nursing where they inducted her into the Academy's Hall of Fame. In addition, the College of Nursing and Allied Health Sciences at Howard University will continue to recognize Dr. Lacey's impact by initiating an annual "Bernardine M. Lacey Research Day," to be established next year.

Dr. Lacey's significant contributions to the field of nursing and public health are widely appreciated by a host of colleagues, friends, and students. In addition to her professional accomplishments, Dr. Lacey walked with timeless class, grace, style, and courage, all while quick to offer a warm smile. Most especially, I am grateful to Dr. Lacey for the guidance and support as my application sponsor that she provided to me upon my 2020 induction as a Fellow to the American Academy of Nursing. Dr. Lacey served as an enduring connection between my office and the nursing community.

Madam Speaker, allow me this moment to express condolences to Dr. Lacey's family, friends, and colleagues. Though her presence will be sorely missed by many, including myself, I pray that we may find solace in remembering her legacy for years to come.

MADE IN AMERICA ACT

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 13, 2021

Mr. GARAMENDI. Madam Speaker, today I reintroduce the "Made in America Act" with

U.S. Senator TAMMY BALDWIN (D-WI). Our bicameral and bipartisan bill would strengthen "Buy America" requirements for all major federal infrastructure programs, including federally funded highway, rail, transit, aviation, levee, and water projects.

The "Made in America Act" identifies federal programs that fund infrastructure not currently subject to "Buy America" standards and ensures that building materials used in these taxpayer-funded projects are produced domestically. When setting standards to determine which materials used in construction will be considered "Made in America," the bill requires the Department of Commerce to ensure that their manufacturing processes support American jobs.

Congress is poised to make the most significant investment in our nation's infrastructure in nearly half a century. This is a once-in-a-generation opportunity to advance commonsense "Buy America" and "Make it in America" policies to rebuild and modernize our nation's crumbling infrastructure. In the process, we will create thousands of well-paying jobs that can never be outsourced and make America competitive in the 21st century.

Unfortunately, numerous Government Accountability Office (GAO) reports have confirmed that many of our nation's existing trade obligations often provide trading partners more opportunity to win American government procurement work than American businesses receive in return. The "Made in America Act" would take steps to correct this imbalance by ensuring that taxpayer dollars are spent on American-made materials created by American workers and businesses.

Madam Speaker, Americans are right to expect that taxpayer dollars spent on infrastructure projects support domestic manufacturing. I want to thank my House colleagues for their support as the bill's original cosponsors. I urge all Members to join us in cosponsoring this critical legislation. As a senior member of the House Committee on Transportation and Infrastructure, I plan to make the "Made in America Act" a majority priority in the 2021 surface transportation reauthorization and any infrastructure package.

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 13, 2021

Mr. BRADY. Madam Speaker, I rise today to recognize the life of Gerald Irons, a treasured member of my community, who sadly passed away Thursday, April 1, 2021.

both on and off of the football field, serving as captain of the football team and as student government vice president.

After being selected in the third round of the 1970 draft by the Oakland Raiders, Gerald continued his run of excellence at the professional level. After six years starting at line-backer for the Raiders, Gerald spent four years with the Cleveland Browns before retiring in 1980. Named an "Oakland Raiders Legend," listed among the "100 Greatest Cleveland Browns" of all time, and named to the Indiana Football Hall of Fame in 2013, Gerald's athletic career proved truly remarkable.

Even so, his time off the field proved as noteworthy as his time on it. During the off seasons of his NFL career, he continued his pursuit of education, earning a master's degree in Business Administration from the University of Chicago. Gerald put his skills and experiences to quick use. He spent a distinguished 32 years working with The Woodlands Development Company, helping hundreds of businesses relocate to The Woodlands. Gerald also served for 22 years on the Conroe ISD Board of Trustees during a period which saw student enrollment double. Because of his continued commitment to enhancing educational opportunities for others, Gerald D. Irons, Sr. Junior High School was named in his honor.

Gerald and his family were a driving force behind the annual Martin Luther King Jr. Day Celebration and Drum Major Awards held each January in the Woodlands. Gerald was integral to the founding of Impact Church in the Woodlands where he served as an elder. Due to their exemplary lives of active involvement in the community, the Irons were named Hometown Heroes.

In the words of his family, "He lived a life of service to his family, church and community; to know Gerald was truly to love Gerald." Gerald is remembered by his loving wife, Myrna, and many loving children and grandchildren.

I join the entire community in honoring Gerald Irons for his dedicated life of service to others. His amazing legacy will always be cherished in our community.

WUHAN WHITEWASH

HON. JOE WILSON

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 13, 2021

Mr. WILSON of South Carolina. Madam Speaker, incredibly revealing is the editorial in The Wall Street Journal on March 31, 2021 opposing The Wuhan Virus Whitewash. The unintended consequence of the blatant misrepresentation in the Wuhan Report is to further verify COVID-19 originated at the Wuhan Virology Institute leading to over three million deaths worldwide.

The World Health Organization on Tuesday finally released its report on the origins of the coronavirus, and the result wasn't worth the wait. The document is best understood as a whitewash heavily influenced by the Chinese Communist Party and Westerners with conflicts of interest.

The report—based primarily on an international team's visit this year to the city of Wuhan, where Covid-19 was first detected—has little new information.

In 2018 U.S. officials warned in diplomatic cables about safety and management issues at the Wuhan Virology Institute that could lead to a pandemic.

The U.S. State Department warned in a January fact sheet that WIV researchers had developed "symptoms consistent with both COVID-19 and common seasonal illnesses" in autumn 2019.

Even the WHO recognizes the implausibility of the report. "I do not believe that this assessment was extensive enough. Further data and studies will be needed to reach more robust conclusions," WHO director-general Tedros Ghebreyesus said Tuesday.

The U.S. and 13 other governments released a statement Tuesday expressing "shared concerns" that the WHO study "was significantly delayed and lacked access to complete, original data and samples."

That shouldn't be the end of it. The Biden Administration knows the underlying intelligence and should release it to the public. The Biden Administration says it wants to revitalize multilateral institutions, and that should start with refusing to accept the WHO's Wuhan whitewash.

cation and character in all of her future accomplishments.

COMMEMORATING NATIONAL BORINQUENEERS DAY

HON. JENNIFFER GONZÁLEZ-COLÓN

OF PUERTO RICO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 13, 2021

Miss GONZÁLEZ-COLÓN. Madam Speaker, the history of Puerto Rico is rich with examples of men and women from all walks of life, whose accomplishments inspire us today and draw the attention of the world to our Island. But one group stands out as an institution whose efforts enrich the enduring legacy and might of the U.S. military, and has left an indelible mark on all Puerto Ricans and in the history of our nation and the world. The 65th Infantry Regiment is this institution.

After the change of sovereignty as result of the Spanish American War of 1899, a military unit was recruited from the Puerto Rico residents and organized into the "Regimiento de Voluntarios Puertorriqueños". In 1908 was reorganized into a Regular Army Unit of the U.S. and in 1920 was given the numerical designation of 65th Infantry, United States Army. However, what best identifies the regiment is not its numerical designation, but the name chosen by its members while en route to the battlefields of Korea in 1950; Borinqueneers.

Organized at the dawn of the 20th Century, the Borinqueneers matured in the service of Puerto Rico and the nation, secured the Panama Canal during WWI, was baptized by fire during the liberation of Europe in WWII, and was tempered by the conflagration of the Korean War. In the hilltops and valleys of that besieged land their valor and courage, as exemplified by men like SFC Modesto Cartagena the most decorated Hispanic soldier of the Korean War, secured their place in history. In 1960, the colors of the 65th Infantry Regiment were transferred to the Puerto Rico Army National Guard, where their successors continue to serve and preserve the history and honor of the regiment.

For 121 years the Borinqueneers never wavered in their resolve to give its best in the service of Puerto Rico and the nation. Overcoming the social norms of its time and without full representation in the U.S. Congress, as deserved by all American citizens, the Borinqueneers persevered and are an inspiration to all of us.

Today, April 13, 2021 as we commemorate the first National Borinqueneers Day—an initiative that I am proud to have led along with Senators SCOTT and RUBIO, and Representative MURPHY—I call on this body and all the citizens of our great nation to be inspired by their example and work together to overcome the challenges that we face.

RECOGNIZING THE SERVICE OF
REP. JAMIE RASKIN

HON. DEAN PHILLIPS

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 13, 2021

Mr. PHILLIPS. Madam Speaker, I rise today to honor the service of my friend and colleague, Rep. JAMIE RASKIN, in the face of tragedy and tremendously difficult circumstances, by offering a column written by one of my constituents, Kurtis Meyer.

[From the St. Ansgar Enterprise Journal]

(By Kurtis Meyer)

Until recently, I hadn't paid much attention to Congressman Jamie Raskin from Maryland. I had seen him a few times on TV news programs, but the House of Representatives generally rewards seniority instead of ability. Since Congressman Raskin was first elected in 2016, he was lacking in the category that often earns Washington status and power.

Several months ago, in late 2020, Congressman Raskin's world was altered suddenly and dramatically. His son, Tommy, a second-year law student at Harvard, one of three Raskin children, took his life, succumbing to depression. His burial was on January 5th.

We all know what happened in Washington the next day, January 6th, when Congressman Raskin, his daughter and his son-in-law were in the Capitol, awaiting the historic moment when Electoral College results would be read. After literally fearing for their lives, in the aftermath of what—the uprising? the insurrection?—Speaker Pelosi asked Jamie Raskin to serve as the House's lead impeachment manager, a process rooted in the events of January 6.

I track closely on politics. It's has been an animating force in my life for four decades. While political campaigns are too long, too expensive, and too contentious, I engage in these battles, advocating on behalf of candidates I hope will serve our community, our state, and our nation with integrity. Today, however, I seek not to shed light on a political race, but rather to shine light on the human race, specifically, the strength, courage, and resilience of Congressman Jamie Raskin.

Last New Year's Eve, he gained membership in a club no one ever hopes to join: those who experience the loss of a child. This tragedy grew out of perhaps the least understood cause of death, soul-crushing depression. I didn't know 25-year old Tommy Raskin but have read tributes to him by those who did, including his family. Here's an excerpt from their capture of this young man's life:

Tommy entered the world like a blue-eyed cherub, a little angel (and) grew up as a strikingly beautiful curly-haired madcap boy beaming with laughter and charm, making mischief, kicking the soccer ball in the goal, acting out scenes from 'To Kill A Mockingbird' with his little sister . . . teaching other children the names of all the Justices on the Supreme Court, hugging strangers on the street, teaching our dogs foreign languages, running up and down the aisle on airplanes giving people high fives.

He hated cliques and social snobbery and never had a negative word for anyone but tyrants and despots, and opposed all malicious gossip, stopping all such gossipers with a trademark Tommy line—'forgive me, but it's hard to be a human.'

Tommy had a perfect heart, a perfect soul, a riotously outrageous and relentless sense of humor, and a dazzling radiant mind. He

began to be tortured later in his 20s by a blindingly painful and merciless disease called depression that became unbearable for him, despite very fine doctors and a loving family. In a brief note to his parents: 'Please forgive me. My illness won today. Please look after each other, the animals, and the global poor for me. All my love, Tommy.'

I struggle to fathom the devastation caused by a child's death. I have watched, from both near and far, as others have faced this horrific challenge and am in awe of those who endure with grace and determination. Earlier this month, during a remarkably difficult time in our country's history, Congressman Raskin and his colleagues advanced the case for impeachment with dignity and reason. With the shadow of death still all too fresh, Jamie Raskin was a model of character in service to our nation.

As the Congressman is fond of saying, "Change is made by people who show up." Under the most difficult circumstances imaginable, Jamie Raskin showed up. I know of no better example of an elected official responding to duty, of placing service before self. In doing so, Congressman Raskin cast a bright ray of hope . . . that despite myriad challenges, our great country can continue as a beacon of enlightened democracy.

Tuesday, April 13, 2021

Mr. BUCHANAN. Madam Speaker, I rise today in recognition of outstanding public school teachers in Florida's 16th Congressional District.

RESOLUTION CELEBRATING
VAISAKHI

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 13, 2021

Mr. GARAMENDI. Madam Speaker, today I reintroduce the House resolution celebrating Vaisakhi: an annual harvest festival widely celebrated in northern India and throughout the world.

This resolution recognizes the historic, cultural, and religious significance of the festival of Vaisakhi. This annual harvest festival is celebrated globally by people of many different faiths including Sikhs, Hindus, and Buddhists. It is particularly significant for Sikhs because it coincides with the formation of Khalsa in 1699.

In the United States, Vaisakhi is celebrated with large processions, celebrations, and community service. Vaisakhi celebrates commu-

nity, prosperity, and continued progress in the year ahead. As our country emerges from the COVID-19 pandemic, it is critical that we celebrate the strength of our communities and the sacrifice it will take to defeat the coronavirus and look toward the future.

As the co-chairman of the American Sikh Congressional Caucus, I am honored to reintroduce this biennial resolution recognizing the importance of Vaisakhi. April 13 marks the start of the beginning of the Sikh religion and the start of the Punjabi New Year. Late 2020 and early 2021 has tested the Indian Sikh community, and I hope the coming months will be marked by peace, prosperity, and respect for all faith communities.

Madam Speaker, I encourage all Members of the House to join me in recognizing the significance of Vaisakhi and those who celebrate it.
